

500H MK5

The 500H MK5 is our robust evacuation chair for any passenger build with an increased payload capacity of up to 227kg. Featuring a double hand grip, descent control handle and footrest. The descent control handle enables a second person to assist and also provides a footrest to the passenger. The unique friction belt ensures a safer and comfortable evacuation for the mobility impaired.

FEATURES:

- 1 Double handed grip**
Enhances user operation.

- 2 Contoured headrest & intergrated safety strap**
Provides passenger support and comfort.

- 3 Sewn-in safety belt**
Improves safety & durability.

- 4 Redesigned hammock**
Greater passenger comfort.

- 5 Simplified graphical instructions & user guide**
Easy to follow step-by-step instructions.

- 6 Large 100mm castor wheels**
Ideal for operation over uneven terrain.

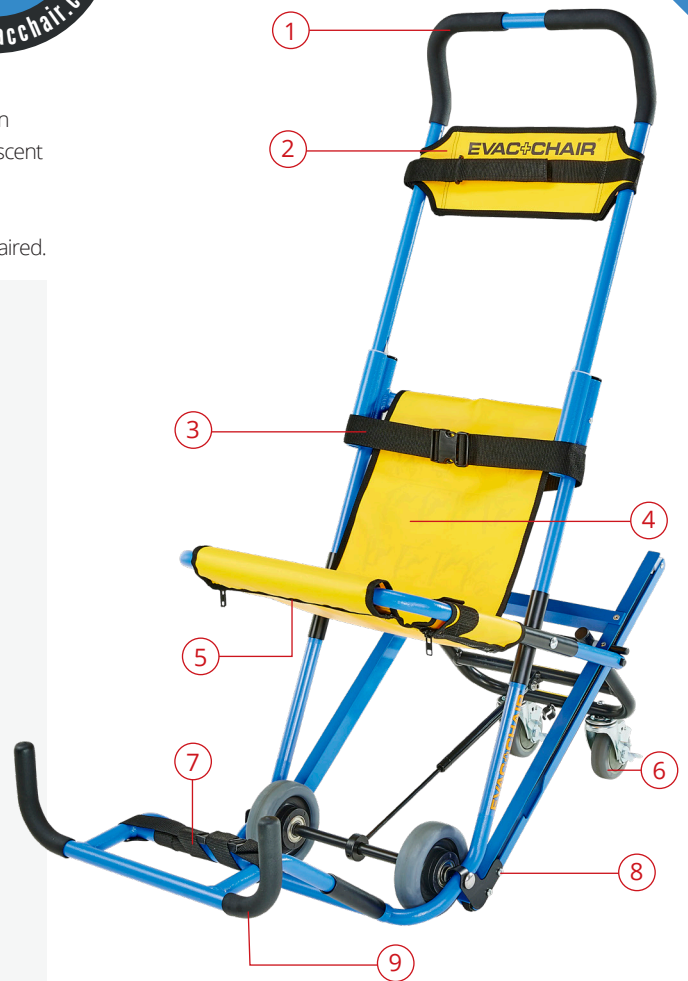

- 7 Foot strap**
Helps secure passengers feet.

- 8 Unique friction belt system**
Self-braking track controls smoothness and speed of descent.

- 9 Foldable descent control handle/footrest**
Allows 2nd person to assist.
