

Coronavirus (COVID-19)

Training Policy

The safety and wellbeing of our training delegates and team members is always our highest priority, therefore we want to inform you of the safety measures we will have in place during this unprecedented time and what we require from you.

To ensure the safety of both you and our team members;

- We will ensure that a maximum number of 4 delegates plus the trainer attend a training course at any one time.
- Due to the interaction required when demonstrating the Evac+Chair, it will not be possible to maintain the 1+ metre social distance. Therefore appropriate PPE will be worn at all times during this aspect of the training by both the trainer and the delegate. The training will be carried out using the Evac+Chair 600 (provided by the trainer) to allow assisted descent and greater distancing between trainer and delegate.
- All of our trainers have been fully briefed on our COVID-19 Policy and the requirements of this.
- When attending your premises they will ensure that they wash their hands on arrival and departure of site and use hand sanitiser throughout the training when not wearing gloves.
- We will ensure that our trainers remain on your premises for no longer than necessary and any other work will be completed remotely.
- Our trainers will ensure that they bring all of their own equipment, including pens, cups etc.
- They will request a copy of your COVID-19 Policy beforehand and ensure that they familiarise themselves with this to ensure compliance, in advance of the training.
- The temperature of delegates will be taken by the Trainer using a Medical Infrared Digital Thermometer at the start of the training. Should the temperature be above 38 degrees centigrade the delegate will not be allowed to attend the training.
- The trainer will be wearing disposable gloves and a face shield throughout the training.
- The equipment shall be wiped down using antibacterial wipes before each person uses the chair.
- The trainers will provide appropriate PPE to all delegates, however delegates may supply their own equipment if they prefer.
- The wearing of gloves will be optional for delegates during the training. Where gloves are not worn, frequent hand washing should be carried out throughout the training.
- Masks should be worn throughout the training and should only be removed when leaving the room. Anyone who refuses to wear a mask will (at the discretion of the trainer) be removed from the training course.
- It is anticipated that the Operator Training Course duration will be for approximately 2-2.5 hours.
- It is anticipated that the Key Trainer Training course duration will be for approximately 3.5 –4 hours.
- All paperwork associated with the training will be emailed to delegates prior to the training commencing

Coronavirus (COVID-19)

Training Agreement

We will ensure that we comply with all aspects of the Coronavirus Training Policy.

In return we would like you to confirm:

Please tick to confirm

You have not experienced any of the Coronavirus symptoms within the last 7 days. E.g. constant dry cough, increased temperature or shortness of breath	
If within 7 days of attending the training you become ill or show any signs or symptoms of coronavirus, you will inform us immediately.	
You agree to use any reasonable supplied safety precautions relevant to the this training (e.g. Gloves, masks, antibacterial hand wash) as supplied by Evac+Chair before, during after this session as directed by the Trainer. Failure to do so may lead to exclusion from the session.	
Gloves, masks and other appropriate PPE will be worn by you throughout the training course.	
You consent to your temperature being taken at the start of the training course.	
If you have been in contact with someone with COVID 19 within the last 14 days you will not attend the training	
You understand that it will not be possible to comply with social distancing requirements when demonstrating the Evac+Chair, but will comply with all PPE requirements.
