

110

The 110 is the perfect evacuation chair for narrow staircase evacuations. The extension handle can be adjusted to ensure a comfortable operating position and the footrest provides a safe place for the passenger's feet. The unique friction belt system provides a smooth evacuation for the mobility impaired.

FEATURES:

- 1 Multi height extension handle**
For ease of horizontal movement (use fully extended for descent).

- 2 Adjustable passenger head strap**
Limits movement, securing the passenger in place.

- 3 Sewn-in safety belt**
Improves safety and durability.

- 4 Unique friction belt system**
Self-braking track to control smoothness and speed of descent.

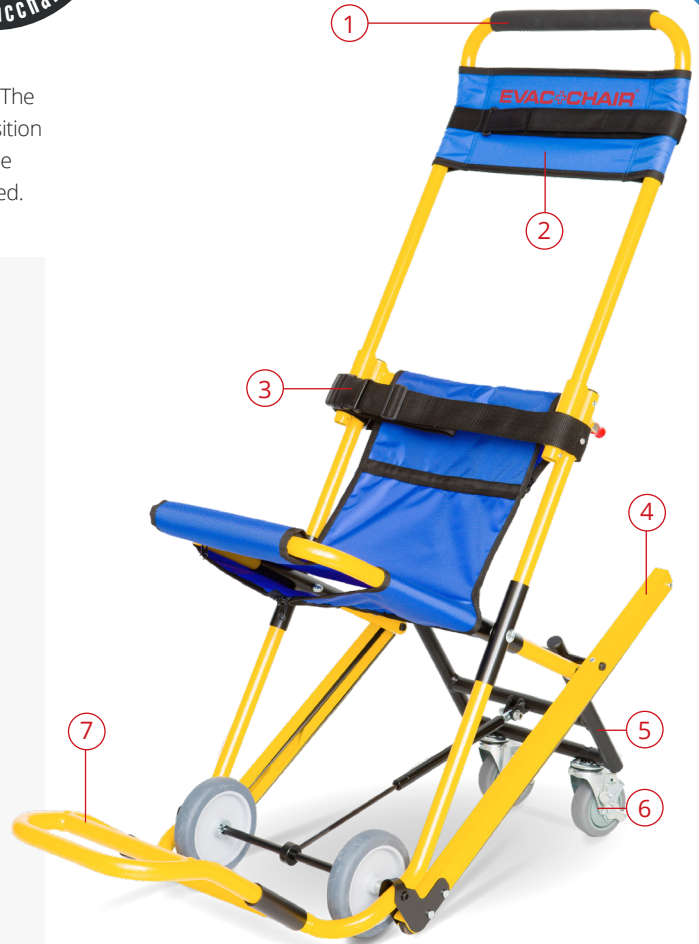

- 5 Redesigned kickstand, with repositioned rear wheels**
Increased stability and enhanced operator handling.

- 6 Large 100mm castor wheels**
Ideal for operation over uneven terrain.

- 7 Foldable Footrest**
For added passenger comfort and safety.
